

High Fives!

For those who go the extra mile!

The Jefferson County Health Department would like to give a huge thank you to everyone who helped with the COVID Mass Vaccination clinics! It was very evident that this county works extremely well together and cares deeply about our community. We can't do this alone, but we can accomplish much together. Even if you didn't assist directly at the clinic know you all have played important parts in working through this pandemic. And a big shout out to all the health department staff who have worked so hard setting up the COVID vaccine clinic, assisting with testing, contact tracing, disease investigations, data and epidemiology, information management and answering many, many calls! And know the support from administration has been very much appreciated. The community has come together because of this leadership and the relationships we have with many entities. And mega thanks to the Fair Park for assisting us with testing and vaccine clinics. You rock! Thank you all.

Gail Scott, Director/Health Officer

HI FIVE to Amy Listle and Lexi Gegare for their great help with the PPE distribution and testing site. Thanks for Everything. *Donna Haugom and Haley Hoffman*

Congratulations Keeley on winning the iPad from the United Way drawing!!!

Human Services staff were able to receive CoVid vaccinations this week at the Vaccination Clinic at the Fair Park. Everyone was so impressed by the incredible organization of the clinic. People seamlessly flowed through the building. At each "station" a person kindly and compassionately explained what was needed and the next step. The atmosphere was collaborative and supportive. People left there feeling very grateful. A big shout out and many thanks to all involved who went above and beyond to make this happen. We are so fortunate to be a part of this team. As we step to solutions, WE feel hope building. *Kathi Cauley*
